### TĒNĀ KOUTOU KATOĀ

Tātau Tātau o Te Wairoa Trust (Tātau Tātau) is holding Engagement Hui with our members across Aotearoa.

We are taking the opportunity to update you on our recent mahi and seek your feedback on our Aspirations, Values, and Principles, as well as potential concepts for our asset and representation arrangements.

Our Settlement Bill is currently before Parliament and we hope it will be completed early next year.

Our Trustees have been meeting monthly and we are making good progress on transitioning from our negotiating body Te Tira Whakaemi o Te Wairoa to Tātau Tātau.

These Engagement Hui are really important. What you tell us will help shape the thinking on our future representative structure, which currently has seven Kāhui (Clusters), and our asset ownership arrangements.

It is a busy but exciting time for our whānau, hapū, and iwi!

If you are reading this Information Booklet online and can't make it to one of the Hui, you can provide feedback through our Facebook page, or using the Feedback Form on our website.

Remember, it is you, our people, who decide on the final asset and representation arrangements.

In November, we will come back to you again and seek your feedback on the proposed asset and representation concepts, then the Initial Trustees will make recommendations. After that, all adult registered members will be able to vote on the special resolutions.

Everyone with whakapapa to Te Rohe o Te Wairoa is welcome to attend our Engagement Hui. However, only our registered members can vote in early 2018 when it comes to ratification, so please check that all your whānau are registered – if not, tell them to head to our website [www.ttotw.iwi.nz](http://www.ttotw.iwi.nz) today!

## Overview of Engagement Hui

WE ARE HOLDING NINE ENGAGEMENT HUI DURING THE MONTH OF AUGUST. WE ENCOURAGE YOU TO ATTEND ONE OF THEM IF YOU CAN.

Our Engagement Hui are an opportunity to hear more about the process, what we as the Trust have been up to, and next steps – where to from here.

The Hui will be structured along these lines:

01  
PROTOCOL

02  
VIDEO  
PRESENTATION

03  
QUESTIONS

04  
WORKSHOPS

05  
KAPUTĪ

The video presentation is approximately 25-30 minutes long and will cover the information included in this booklet.

Following the presentation, there is an opportunity to ask questions and test ideas with Trustees who are present. Following the question and answers, we will break into smaller groups to workshop some of the kōrero. The workshops will be a chance to give feedback and raise any initial thoughts.

We have allocated 30 minutes for the questions and answers.

Following the workshop session, we will have a kaputī, so you can meet your representatives and our support teams who are there.

## *Our Journey to Here*

### OUR SETTLEMENT JOURNEY HAS BEEN ONGOING FOR MORE THAN 30 YEARS.

Our elders began the process back in the early 1980s, lodging historical Treaty claims with the Waitangi Tribunal for the area between Tūranganui-a-Kiwa and Mōhaka (the 'Wairoa Inquiry District').

In 2002, iwi and hapū with interests across the Wairoa rohe came together at Rangīāhua Marae to discuss how to collectively resolve historical Treaty of Waitangi claims against the Crown.

Our whakapapa and whanaungatanga helped us to work together. The iwi and hapū group was initially known as 'The Wairoa Inquiry District Working Group' until it was renamed Te Tira Whakaemi o Te Wairoa (Te Tira).

Through seven clusters of iwi and hapū groups across the region, Te Tira collectively represented approximately 34,000 people.

It took three years of intense discussion and consultation to decide that the best course of action was to progress through direct negotiations with the Crown.

In 2005, Te Tira began to formally interact with the Crown in setting the foundations for negotiations, and by 2009 had achieved a mandate to officially enter into negotiations.

Over the following five years, the Deed of Mandate was recognised by the Crown, terms of negotiation agreed, and then an Agreement in Principle signed in 2014.

Settlement negotiations finally finished in 2016 and we held an extensive ratification voting process for our iwi and hapū to approve the Deed of Settlement and the Post-Settlement Governance Entity (PSGE), Tātau Tātau o Te Wairoa.

We received overwhelming support from our people, who voted to approve the Settlement and then came out in force for our official signing ceremony in Wairoa on 26 November 2016.

Our Settlement Bill is now going through the Parliamentary process to become law.

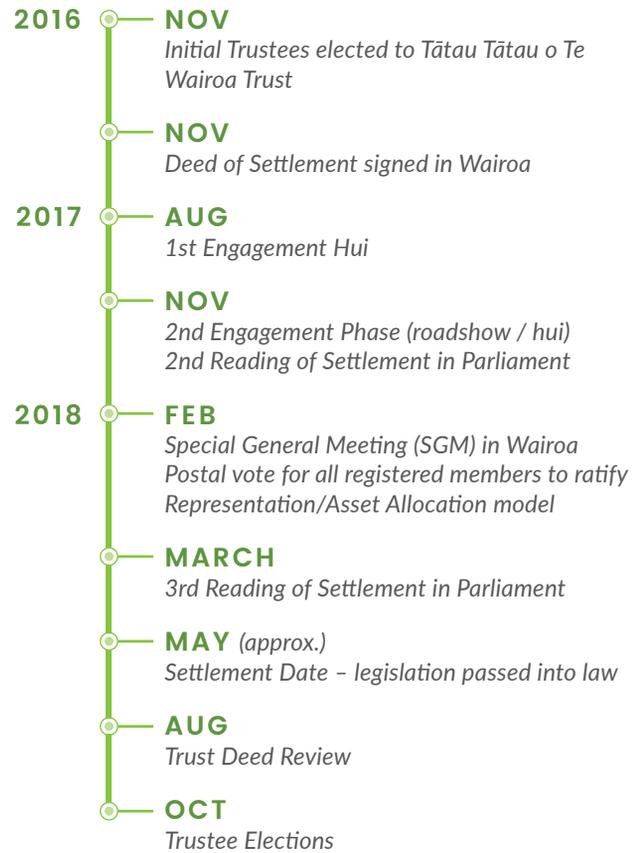

## Our Settlement

### THE REDRESS WE HAVE HAS AGREED WITH THE CROWN INCLUDES:

- **An Historical Account, Acknowledgment and Apology**  
The Historical Account covers the historical relationship between the iwi and hapū of Te Wairoa, and the Crown. This will stretch from 1840, through the New Zealand Wars, the “Four Southern Blocks”, the Tairāwhiti Māori Land Board, Crown purchasing and natural resource interference, to socio-economic developments.
- **Cultural Redress**  
Cultural redress relates to sites of significance for hapū and iwi. Redress might mean a return of some sites to iwi, hapū and marae.
- **Commercial Redress**  
Financial (\$100 million) redress less the purchase price of Crown assets – also known as ‘quantum’.

For more information and details of the redress as part of our Settlement go to our website: [www.ttotw.iwi.nz](http://www.ttotw.iwi.nz)

## Timeline and Key Dates

## About Tātau Tātau o Te Wairoa Trust

TĀTAU TĀTAU O TE WAIROA TRUST WAS APPROVED TO BE THE POST SETTLEMENT GOVERNANCE ENTITY, DURING OUR SETTLEMENT RATIFICATION LAST YEAR.

Once the Iwi and Hapū of Te Rohe o Te Wairoa Claims Settlement Bill has passed through Parliament and becomes law, Tātau Tātau will receive and administer the redress that comes with the Settlement.

Our initial Trustees are responsible for the following tasks:

- Manage and oversee a review process in relation to the ownership arrangement for the Trust's assets and its representation arrangement (*This is the current piece of mahi that we are engaging with members on*)
- Consult with representatives of the Iwi and Hapū of Te Rohe o Te Wairoa to determine whether to purchase any properties that might become available for purchase during the initial two-year period, and in particular, properties that become available through the right of Deferred Selection or Right of First Refusal in the Deed of Settlement
- Maintain records and information that will facilitate the preparation by the initial Trustees of the first annual plan, five-year strategic plan and annual report

Tātau Tātau o Te Wairoa Trust has all the usual powers of a PSGE, including the ability to establish subsidiaries for a particular purpose. However, the initial Trustees are restricted in their ability to sell or dispose of any assets.

The Trust is accountable to the Iwi and Hapū of Te Rohe o Te Wairoa and has committed to engaging regularly and keeping members up to date through hui, pānui, the website and social media.

## Initial Trustees

TĀTAU TĀTAU O TE WAIROA HAS 14 INITIAL TRUSTEES, WHO WILL PLAY AN IMPORTANT ROLE IN ENSURING WE BUILD A SOLID FOUNDATION FOR FUTURE GROWTH AND DEVELOPMENT OPPORTUNITIES.

Our Iwi and Hapū elected our Initial Trustees, with each of the seven Kāhui (clusters) within Te Tira voting for one Ahi-Kā Trustee and one general Trustee to represent their Kāhui.

### Our Initial Trustees are:

Leon Symes (CHAIRPERSON)	Heta Kaukau	Pauline Symes*
Phillip Beattie	Oha Manuel	Moana Rongo
Darren Beatty	Carmen Morrell	Apiata Tapine
Huia LH Huata	Pieri Munro (DEPUTY CHAIRPERSON)	Johnina Tewira Symes
Carwyn Jones	Richard Niania	

Initial Trustees have been elected to a term of two years, which commenced in November 2016.

Tātau Tātau o Te Wairoa beneficiaries are whānau, hapū and iwi who whakapapa to the ancestral waka of Tākitimu and Kurahaupō across Te Rohe o Te Wairoa.

\*Pauline Symes was appointed as per the Trust Deed, following Tāmami Olsen's resignation, effective 23 April 2017.

We acknowledge Tāmami's dedication and work as the Chair of Te Tira Whakaemi o Te Wairoa.

## **Aspirations, Values, Principles**

IN 2012, OUR IWI AND HAPŪ HELD WORKSHOPS TO IDENTIFY OUR ASPIRATIONS AS WE LOOKED FORWARD TO OUR SETTLEMENT.

### **Our Kāhui said:**

#### **ASPIRATION = MOEMOEĀ**

*Happy, Loving, Healthy and Wealthy Tāngata Whenua*

Our Kāhui came up with the following Values and Principles to help guide us as iwi and hapū. These were really important to us.

*Mana Motuhake*

*Mana Moana*

*Mana Tāngata*

*Mana Whenua*

*Manaakitanga*

*Peace & Tranquillity*

*Tino Rangatiratanga*

*Kaitiakitanga*

*Cultural Identity*

*Tikanga*

*Māori World View*

*Rangatiratanga*

*Arikitanga*

*Mana Rangatira*

*Awhi*

*Rangimarie*

*Aroha*

*Whakapapa*

*Te Reo me ōna tikanga*

*Equality & Fairness*

Kāhui captured those values in this statement:

*Aroha, Tika, Awhi, Manaaki, Rangimarie (Peace) as a driving force in our decision-making and treatment of one another.*

# HE IWI KORE TIKANGA, HE IWI KORE MANA

*A people without etiquette are a people without authority.*

## What we would like from you

AS PART OF OUR ENGAGEMENT HUI WE ARE HOLDING WORKSHOPS TO UNDERSTAND WHETHER OUR ASPIRATIONS, VALUES, PRINCIPLES OR EXPECTED BEHAVIOURS HAVE CHANGED.

If you can't make one of the Engagement Hui then that is kei te pai, we still want your feedback. You are able to submit feedback through our website, private message on Facebook, or by filling out the form at the back of this Information Booklet and returning it to us by post.

What you tell us will help to refine our thinking and more clearly identify what success looks like for Te Rohe o Te Wairoa and our people. It will also guide and direct us as we develop more defined models to put forward during our next round of engagements. We will do this through a framework, which will be shared with you.

## What to consider

The Aspirations, Values, and Principles will help to guide Tātau Tātau o Te Wairoa as we move forward you may wish to consider:

- Do the Aspirations, Values, and Principles still fit for our whānau, hapū, iwi?
- How would you like us to operate?
- Do these best reflect your Aspirations, Values, and Principles?
- What might be missing?

## Aspirations, Values, Principles

### QUESTIONS FOR FEEDBACK

1. Tell us if and why your aspirations have changed since 2012? The values and principles that underpinned your aspirations – to what extent do those hold true today?
2. What do you consider to be a successful, vibrant, economic and sustainable future?
3. How you think Tātau Tātau can help to make this happen?

## Asset Ownership and Representation Concepts

# E ANGA WHAKAMUA ANA TE WAKA

## FORGING A NEW PATH

### ASSET OWNERSHIP AND REPRESENTATION CONCEPTS

Synonyms for the word concept: (*Idea, theory, thought, consult, view, notion*)

---

The Trust has worked with advisors to develop three asset and representation concepts. These are outlined in more detail over the following three pages.

Feedback gathered throughout the Engagement Hui will help form the basis for developing our post-settlement governance 'models'. There are a range and mixture of potential models.

The three concepts are:

- **Devolution** - Whakatohatoha
- **Collaboration** - Mahi Tahī, and
- **Amalgamation** - Kotahitanga.

Each of these concepts could be applied separately to assets and representation arrangements and reflect possibilities at each end of the scale and a middle option.

It will be possible to incorporate aspects of different concepts in our new PSGE structure. For example, you might like to see more amalgamation in the way assets are held and more devolution in terms of representation or vice versa.

# GROUPINGS

*Throughout this booklet you will see the term 'Groupings' used.*

WE HAVE NOT MADE ANY DETERMINATIONS ABOUT WHAT THOSE 'GROUPINGS' COULD LOOK LIKE. IT MAY BE THAT THEY ARE SIMILAR TO THE EXISTING CLUSTERS KNOWN AS OUR KĀHUI, OR THEY COULD BE GROUPINGS ALONG DIFFERENT LINES.

THE FOLLOWING TABLES HAVE BEEN DEVELOPED TO PROVIDE MEMBERS WITH AN OVERVIEW OF THE THREE CONCEPTS.

DEVOLUTION WHAKATOHA TOHA	COLLABORATION MAHI TAHI	AMALGAMATION KOTAHITANGA
<ul style="list-style-type: none"> <li>No ongoing collective entity</li> <li>Grouping based representation - Each group is responsible for their own asset management</li> <li>Each grouping receives their own share of assets</li> <li>No collective decision making</li> </ul>	<ul style="list-style-type: none"> <li>Groupings working together within one entity</li> <li>Grouping based representation</li> <li>Combination of groupings and centralised based asset</li> <li>Collective decision making while retaining individual grouping autonomy</li> </ul>	<ul style="list-style-type: none"> <li>One collective entity</li> <li>Representation is determined by this entity - No groupings</li> <li>All assets held by this entity</li> <li>This entity makes all decisions</li> </ul>

## Frequently Asked Questions

**Can we add more Aspirations/ Values/Principles to those we already have?**

Yes! Members can provide feedback through the following engagement streams:

- Engagement Hui
- Email
- Website
- Representative
- Private Message on Facebook

Please let us know if you would like your ideas to be 'anonymous' or not attributed to you individually.

**Who gets to decide on the final asset and representation arrangements?**

You do! The Initial Trustees will make a recommendation and then all adult registered members can vote at the Special General Meeting to decide on the final asset and representation arrangements.

**Can I have examples of what the asset and representation models might look like within these concepts?**

Not during the first round of the Engagement Hui, as we are entering this with a broad conceptual model. Our first series of hui will provide direction on the concepts and from this will come a range of models.

Examples will be provided at the second round of Engagement Hui.

**When will you have enough information or feedback?**

Once we have your feedback, we will consider this to help guide the governance 'models'.

**Where can I get more information?**

**Online**

- Facebook
- Twitter
- Instagram
- Website

**Engagement Hui**

- Kāhui Hui

**Representatives**

- Monthly Pānui
- Directly to Representative

**Why was this not sorted during negotiation process?**

It was agreed during negotiations that Te Tira Whakaemi o Te Wairoa should focus on completing the Settlement and details like the asset and representation arrangements could be agreed post-Settlement.

**Will what I say make a difference?**

Yes, absolutely! Your thoughts, and comments will be fed directly into the process and decision making, that will guide the development of our final asset and representation arrangements for the future.

**Who from the Trust will attend these Engagement Hui?**

After discussion by the Trust and to save costs, it was decided that the group below would represent Tātau Tātau during the Hui.

To have your voice heard and participate in the settlement process, you need to register first. If you aren't registered already, you can do so here.

### We want your feedback on:

- Our Aspirations, Values and Principles - five years on, we want to hear what you think. How are they working for you? Was everything included?
- Potential concepts for our post-Settlement asset and representation set up

### Our Aspirations, Values and Principles

Tātau Tātau o Te Wairoa Trust acknowledges what our Whānau, Hapū and Iwi all said in 2012.

**ASPIRATION** - Our Kāhui said the Aspiration or Moemoeā was to be **Happy, Loving, Healthy** and **Wealthy Tāngata Whenua**.

**VALUES AND PRINCIPLES** - Our values were summarised as **Aroha, Tika, Awhi, Manaaki, Rangimarie (Peace)** as a driving force in our decision-making and treatment of one another.

The values are outlined on page 9.

Share your thoughts on our Aspirations, Values and Principles – what's working?  
What's not? Are we missing anything?

## Assets and representation

The following governance concepts reflect possibilities on a range of options. Our future representative structure could be versions of these options, or a mixture.

You're not being asked to choose one of them now – we just want your feedback. What do you think of the three concepts and why?

### The concepts are:

#### DEVOLUTION - WHAKATOHATOHA

Assets: Complete devolution suggests all assets are distributed to Groupings (which are yet to be determined). The Groupings are solely responsible for asset management, and no assets would be held by Tātau Tātau o Te Wairoa Trust.

Representation: Groupings decide how they appoint representatives, and the decision making powers of those representatives. Tātau Tātau o Te Wairoa Trust ceases to exist.

Share your thoughts on Whakatohatoha

#### COLLABORATION - MAHI TAHI

Assets: Under Mahi Tahi, Groupings hold some assets and are responsible for those. Tātau Tātau o Te Wairoa Trust would also hold some assets. Together, Groupings and Tātau Tātau decide which assets go where.

Representation: To reflect a collaborative approach, Groupings might appoint representatives to Tātau Tātau o Te Wairoa Trust. Each Grouping decides how they want to appoint their representatives.

Share your thoughts on Mahi Tahi

### **AMALGAMATION - KOTAHITANGA**

Assets: Complete amalgamation suggests all assets are centralised and held by Tātau Tātau o Te Wairoa Trust. Tātau Tātau is solely responsible for asset management and no assets are distributed to Groupings.

Representation: Under Kotahitanga, representation could be decided by voting at large, not by Groupings. For example, the people with the most votes would be appointed. Groupings cease to exist.

Share your thoughts on Kotahitanga
